

Cipher 1000 CCD Scanner

The economical Cipher Lab 1000 CCD touch scanner gives high performance at a very affordable price. All the major bar code symbologies are fully supported. Now available in USB interface versions, the Cipher Lab 1000 employs revolutionary optics and features, making the toughest barcodes child's play. Now in **Black**.

The Cipher Lab 1000 scanner main boards and scan engines are covered by a **5-year return to base Warranty**. (Cables 1 year)

Cipher 1000 CCD scanner Black with USB I/F

\$187.00 incl GST. plus P&P

Cipher 1500 Tethered CCD Scanner

The Cipher Lab 1500 speedy scanner raises the standard for performance, style, and affordability. An incredibly comfortable design the optional smart three-way scanner stand makes good sense, is easily adjustable and good looking. The stand can work on a vertical surface, on the desktop or elevated for **HANDS FREE** auto-sense scanning in the workplace making it ideal for use in libraries. All the above supplied with **5 year return to base Warranty**.

Cipher 1500 with Auto Sense Stand & USB HID I/F cable.

Includes FREE registration of optional Bar-Key.Exe software.

\$220.00 incl GST. plus P&P

Cipher 1660-BT Portable CCD Scanner for Stock & Asset Collections

Powered by 2 **AAA** Alkaline or 2 **AAA** rechargeable NiMh cells (Alkaline Batteries Included), the **cordless** Cipher 1660 series when set for **batch collection mode** can be taken to any remote location where stocktaking or data recording is required. The built-in 256-Kb of non-volatile memory is able to store over 15000 average asset or library bar codes for subsequent downloading to the host device when needed.

When not required for portable data collection operation the Cipher 1660 can be used as a personal desktop bar code reader for general loans and returns. When set as a conventional reader the **plug and play** Cipher 3610 USB Bluetooth transponder allows scanning to be comfortably undertaken anywhere within 10 meters of the PC or Mac.

CIPHER 1660 CCD Portable Scanner & Transponder. \$396.00 incl GST + P&P
1 year return to base Warranty. Includes FREE registration of optional Bar-Key.Exe software.

Cipher 1560/1562 BT Cordless Portable Barcode Scanner

The **Heavy Duty Base Station** is connected to the PC via USB cable connection (not shown) and acts as bluetooth wireless communicator plus lithium Ion battery charger.

The 1560/1562-barcode-reader hand piece can be freely removed from the Base Station and used remotely up to 90 meters line of sight from the base PC.

When usage is required beyond the specified 90-meter wireless range, the 1560/1562's can be easily instructed to operate in **batch collection mode**. All the scanned barcodes are then stored within non-volatile memory to be downloaded to the PC or Mac later.

CIPHER 1560 CCD complete with Heavy Duty Base Station, battery charger, batteries and power transformer for USB connection to the PC.

\$550.00 incl GST plus P&P

CIPHER 1562 (Laser Version) with L.D. Base.

\$715.00 incl GST plus P&P

3 year return to base Warranty. Includes FREE registration of optional Bar-Key.Exe software.

Did you know that several 1560 / 1562 bar code readers are able to share the same base station?

NEXA NL-1800 Cordless Scanner

The **NEW** Nexa NL-1800 Cordless Laser Scanner with exceptionally good 100 meter wireless range giving outstanding performance at a remarkably competitive price. Supplied with USB HID plug and play transponder, the NL-1800 employs state of the art features that outperform more expensive units. Ideal for use within libraries.

The Nexa NL-1800 scanner main boards and scan engines are covered by a **3-year return to base replacement Wty. 6 month Li-ion Wty.**

Nexa NL-1800 cordless laser scanner with rechargeable Li-ion battery & USB HID Dongle. \$423.50 incl GST. plus P&P

RIOTEC LS6220 Laser Scanner

The Riotech LS6220 high performance Laser scanner is a competition leader for value in its class, with style, versatility and affordability. The exceptionally comfortable design when coupled with the easily adjustable and classy looking hands free desk stand completes the finishing touch. Riotech's bar code auto detection system beats the field.

When installed on the desktop for **HANDS FREE** scanning the LS6220 is ideal for use in libraries. All the above supplied with **3-year return to base replacement Warranty.** (USB Cables 1 year)

RIOTEC LS6220 scanner. \$198.00 incl GST. Hands free stand. \$ Included.

NEXA CM-500MV2 Portable CCD Scanner for Asset & Stock Collections

Powered by its own in-built Li polymer battery, the personal portable CM-500MV2 CCD scanner can be taken to any remote location where stocktaking or asset data collecting is required to be undertaken. The internal 128Kb non-volatile memory is capable of storing up to 4000 average length UPC or library/asset bar codes for downloading later to the host device when required (with time and date of each scan if needed).

Time and Date stamping (obligatory for true audits) is optional and user selectable, data downloading is via the USB HID cable, battery recharging is also via USB port.

When not required for portable data collection operation the CM-500MV2 can be attached to the host computer with the supplied USB HID cable and used as a conventional desk top bar code reader for data access or library loans and returns.

CM-500MV2 CCD Portable with USB HID I/F cable. \$297.00 incl GST + P&P 1 year return to base Warranty. Includes FREE registration of optional Bar-Key.Exe software.

Metrologic MS3780 Fusion™ Omnidirectional Scanner

Metrologic MS3780 Fusion™ Barcode Scanner is an affordable hand-held omnidirectional laser scanner with single-line capability that increases desktop and checkout system efficiency with its automatic in-stand operation, individual operators can even position the scanner to create the work environment which is most comfortable and convenient for them.

When used as a desktop scanner, the MS3780 Fusion is quick and easy to use. **HANDS FREE** omnidirectional scanning minimizes the operator's need to adjust or orient individual items. When used as a handheld scanner, the operator can simply pick up the scanner and aim it at a single bar code within a cluster of items or on a picking list.

Metrologic MS3780 Fusion™ with USB I/F \$429.00 incl plus P&P

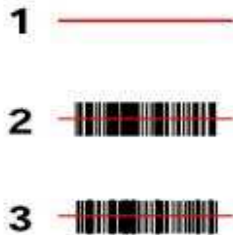

Honeywell / Metrologic MK5145 Eclipse™ Laser Scanner

Eclipse™ is a low cost laser-based alternative to CCD scanners. Its compact form factor and high-end feature set simplify its use in a variety of applications at the press of a button.

CodeGate Gives You Control

Metrologic's proprietary CodeGate technology allows the user to easily target the desired bar code and complete the data transmission with a simple press of a button. This makes Eclipse a perfect selection for menu scanning, point of sale, document processing and inventory control.

- Auto trigger activates the laser
- Place the laser line on the bar code
- Press the CodeGate button to transmit the data

MK5145 Eclipse™ with USB I/F \$198.00 incl plus P&P Optional Desk Stand \$48.40 incl
Includes FREE registration of optional Bar-KeV.Exe software.

ROV™ MS2200 Portable Laser Scanner for Asset & Stock Collections

Powered by 3 AAA Alkaline or 3 AAA rechargeable NiMh cells (Batteries Not Included), the portable MS 2200 series can be remotely taken to where any stocktaking or asset data collecting activity needs to be undertaken. The built-in 64 Kb of non volatile memory is capable of storing up to 1000 library or asset bar codes for later downloading to the host computer.

When not in use, the data collection operation the MS 2200 ROV™ can be attached to a host computer with a USB I/F cable and used as a conventional desktop bar code reader for normal use (and not the MS 2200-BT model).

ROV™ with 3 AAA Alkaline or 3 AAA rechargeable NiMh cells. **\$198.00 incl GST + P&P**
ROV™ MS 2200 with Protective Boot. **\$220.00 incl GST + P&P**
Bluetooth module to suit MS2200-BT model (Reqd). **\$ 55.00 incl GST + P&P**

Did you know the ROV MS2200 can also record the date and time of each scan?

TTP-245C & TTP-343C Direct Thermal & Thermal Transfer Printer

The TSC TTP-245C / 343C features up to 6-inch-per-second print speed to meet low-to medium-volume printing applications. With its 200 MHz 32-bit processor, it increases productivity with fast "first label out" and no between label delays even when taking advantage of its internally scalable True Type fonts. Add a standard internal Ethernet port and this printer is easily integrated into any application.

The easy-to-use design provides simple, fast ribbon and media loading and with TSC's smallest footprint ever for a 4-inch desktop printer, the TTP-245C / 343C series easily fits into the most congested workspaces. Serial, Parallel & USB I/F available.

• Emulates Zebra LP2824 and LP2844 plus many other Zebra models.

TTP-245C 205 d.p.i. (Specify I/F version reqd) **\$594.00 incl GST plus P&P**
TTP-343C 300 d.p.i. (Specify I/F version reqd) **\$759.00 incl GST plus P&P**
